

## **U21 Exercise Science Group**

### **About the Discipline Group**

- **Representatives of programmes/departments in exercise and sport science, human movement science and kinesiology**
- **Third meeting of the group – first as part of U21 Health Sciences**
- **14 delegates representing 7 universities**

## **U21 Exercise Science Group**

### **Key Points of Discussion/Collaboration**

- **Research post-graduate student mobility around the network**
- **Shared postgraduate coursework development & delivery in clinical exercise science**
- **Transnational studies of physical (in)activity determinants and links to health, esp. via research on Chinese diaspora**
- **Making clinics both financially viable and a functional nexus for teaching-research-community service**
