## **UNMDG through E-Health electives for medical students**

- **Helping staff in developing countries and areas with underserved population with telemedicine**

*U21 initiative 2005*

**Education and Training of MDG's for Health Sciences Students in Academic Institutions**

**Welcome to the UN MDG 4 Health website!**  
We are one of the Millennium Development Goals (MDG) projects in the Health Sector. We pursue raising awareness through Education and Training and are working to ensure all health actors include the MDG's in their everyday practice and plans.
