**Education Task Force  
Final Report  
University of Virginia  
School of Medicine**

Melanie A. McCollum, PhD  
A. Bobby Chhabra, MD  
May 27, 2008

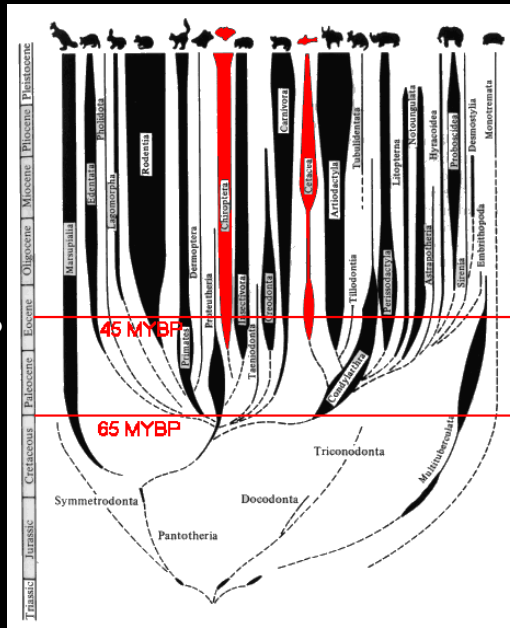

**Education Task Force**

**This task force was charged to assess the technological, personnel and support needs of the new medical education building and to make specific recommendations regarding the best utilization of space and technology.**

There has been an explosion of new educational technologies in the past 10 years.

Are they all effective?

Are some better than others in educating healthcare professionals?

## Proposed UVa Model
